Welcome

Farm inspection reports Electronic

- ▶ We are modernizing our licensing and data management systems
- ▶ We need one email address for each plant
- ▶ Example: accounts@timsdairy.com
- ▶ Preferably not an individual's email

“Successful Dairy Inspection Programs are grounded in relationships”

Overview: Trust is the foundation for successful relationships. Building trust begins with a mutual understanding of what each party can expect from the other.

What can a Milk Producer expect from a DATCP Sanitarian?

- Respectful and courteous behavior
- Truthful communication and honesty about intentions
- Willingness to explain all inspection activities and why they’re being done
- Good faith effort to accurately explain regulatory requirements
- Willingness to explain non-compliance findings, including the reason for the food safety or regulatory concern
- Immediate intervention to prevent product contamination, adulteration, or misbranding

What does a DATCP Sanitarian expect from a Milk Producer?

- Respectful and courteous behavior
- Good faith effort to comply with regulatory requirements
- Willingness to discuss the producer’s operations
- Corrective action to prevent product contamination, adulteration, or misbranding
- Acknowledgement of all non-compliance findings - fix it now, tell when you intend to fix it, or accept survey points lost, but don’t ignore

Questions

The background features abstract, overlapping geometric shapes in various shades of blue, ranging from light sky blue to dark navy blue. The shapes are primarily triangles and polygons, creating a dynamic, layered effect. The overall composition is clean and modern, with the word 'Questions' centered in the upper left quadrant.
